Kedung Badak Baru Jl. Tenteram No.01 RT/RW 01/06

I'm an Informatics graduate from Telkom University who enjoys learning and isn't afraid to step into unfamiliar territory. I can work effectively both independently and as part of a team, as shown through my academic and organizational experiences. I have a solid grounding in technology and problem-solving, and right now I'm focused on gaining real-world experience, sharpening my skills, and figuring out where my passion truly takes me professionally.
