1.0 GENERAL INFORMATION

The User's Manual provides the information necessary for the user to effectively use the automated information system.

A. GENERAL INFORMATION

1.1 System Overview

The Closed Library Information System application software is a product that is being developed to help users to give the information of the books that available in the library. The software will provide a accessible and easy to use the library information, information of the books, and give the information of where the books are available to borrow.

1.2 Project References

References that were used in preparation of this document in order of importance to the end user.

<https://openlibrary.telkomuniversity.ac.id>

1.3 Points of Contact

1.3.1 Help Desk

Help desk information including responsible personnel phone numbers for emergency assistance is +62 822-1009-2669

1.4 Acronyms and Abbreviations

App: Application

2.0 SYSTEM SUMMARY

B. SYSTEM SUMMARY

This section provides a general overview of the system written in non-technical terminology. The summary should outline the uses of the system in supporting the activities of the user and staff.

2.1 System Configuration

Closed Library is a web-based app. It has features such as login as an admin or guest, borrow books, return books, add books, and logout.

2.2 User Access Levels

Only registered users can access features in the app.

3.0 GETTING STARTED

C. AVAILABLE FEATURES

This section provides a general walkthrough of the system from initiation through exit. The logical arrangement of the information shall enable the functional personnel to understand the sequence and flow of the system. Use screen prints to depict examples of text under each heading.
